

Self-Quizzing as a Revision Technique

- **Self-quizzing** is a way of testing yourself on information you need to learn via questions.
- Use **look/cover/write/check**.
- Once you've tested yourself, self-mark in a different colour, **correcting** or **adding** to your answers.
- **Repeat until you can consistently get all answers right!**
- For some subjects you may have revision guides with questions at the end of each section which will make this easier.

These are examples of self-quizzing.
